**RESPONSE TO NOTICE REGARDING DRAWINGS**

In response to the Notice Regarding Drawings sent on March 31, 2005, Applicants submit a copy of the corrected Drawings, acceptable under 37 CFR 1.84.

The response was due on or before May 31, 2005. However, Applicants did not receive the Notice Regarding Drawings. Based on Applicants review of the file wrapper for the application on the Patent Application Information Retrieval website ("PAIR"), the Notice was apparently sent to Applicants' previous representative and returned as undeliverable to the USPTO. Applicants note that the USPTO was notified that correspondence should be sent to the undersigned in papers filed by Applicants on September 30, 2003 and October 15, 2003.

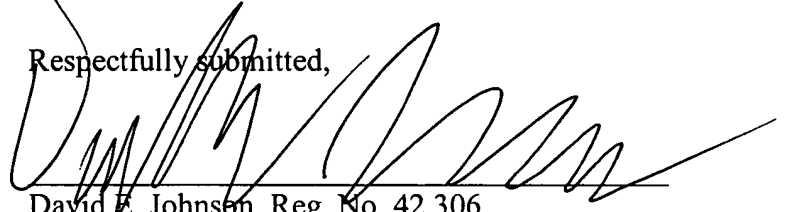

To the extent the application has been considered abandoned for failure to respond to the Notice, Applicants request that this response is treated as a request to withdraw the holding abandonment. The request is on the ground that the Notice was never received, which is in accordance with *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971) (holding that the Office should mail a new Notice of Allowance in view of evidence supporting that Applicant's representative did not receive the original Notice). The attached client status report lists items for the Applicant that had been docketed and responded to in the time subsequent to the mailing

the March 31, 2005 Notice. No Actions or Notices from the Office were received for the above-identified application. A statement attesting to the nonreceipt is attached.

The Commissioner is authorized to charge any additional fees that may be due, or credit any overpayment of same, to Deposit Account No. 50-0311 (Reference No. 27476-505CIP2).

Respectfully submitted,
